

**RAILROAD COMMISSION OF TEXAS
OFFICE OF GENERAL COUNSEL**

**OIL AND GAS DOCKET
NO. 06-0255679**

**IN THE TRAWICK, WEST (TRAVIS
PEAK) FIELD, NACOGDOCHES
COUNTY, TEXAS**

**FINAL ORDER
APPROVING THE APPLICATION OF SAMSON LONE STAR, LLC
FOR A NEW FIELD DESIGNATION
TRAWICK, WEST (TRAVIS PEAK) FIELD
NACOGDOCHES COUNTY, TEXAS**

The Commission finds that after statutory notice in the above-numbered docket heard on June 5, 2008, the presiding examiner has made and filed a report and recommendation containing findings of fact and conclusions of law, for which service was not required; that the proposed application is in compliance with all statutory requirements; and that this proceeding was duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas.

The Commission, after review and due consideration of the examiner's report and recommendation, the findings of fact and conclusions of law contained therein, hereby adopts as its own the findings of fact and conclusions of law contained therein, and incorporates said findings of fact and conclusions of law as if fully set out and separately stated herein.

Therefore, it is ordered by the Railroad Commission of Texas that the application of Samson Lone Star, LLC for a new field designation for its Henderson Trust GU Well No. 1 is hereby approved. The new field shall be known as the Trawick, West (Travis Peak) Field (RRC Field No. 91007 500), Nacogdoches County, Texas.

It is further ordered that the following field rules are hereby adopted for the Trawick, West (Travis Peak) Field, Nacogdoches County, Texas:

RULE 1: The correlative interval from 8,740 feet to 10,120 feet measured depth as shown on the Array Induction Dual Spaced Neutron Spectral Density Microlog for the Samson Lone Star, LLC - Henderson Trust GU Well No. 1 (API No. 42-347-32643), Nacogdoches County, Texas, shall be designated as the Trawick, West (Travis Peak) Field.

RULE 2: The daily allowable production of gas from individual wells completed in a non-associated gas reservoir of the subject field shall be determined by allocating the allowable production, after deductions have been made for wells which are incapable of producing their gas allowables, among the individual wells in the following manner:

FIVE percent (5%) of the total field allowable shall be allocated among the individual

wells in the proportion that the acreage assigned such well for allowable purposes bears to the summation of the acreage with respect to all prorable wells producing from this field.

NINETY-FIVE percent (95%) of the total field allowable shall be allocated among the individual wells in the proportion that the deliverability of such well, as evidenced by the most recent G-10 test filed with the Railroad Commission bears to the summation of the deliverability of all prorable wells producing from this field.

It is further ordered that the Samson Lone Star, LLC - Henderson Trust GU Well No. 1 (API No. 42-347-32643) in the Trawick, West (Travis Peak) Field, Nacogdoches County, Texas, is permanently classified as a gas well, without the need of further administrative review.

Done this 24th day of June, 2008.
