OFFICE OF GENERAL COUNSEL  
HEARINGS SECTION**

**OIL AND GAS DOCKET NO. 7C-0256174**

**ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY GBTFTA OPERATING, LLC (298361), VIRDEN (15124) LEASE, WELL NO. 1, NORTON, N. (PALO PINTO) FIELD, RUNNELS COUNTY, TEXAS**

---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on August 28, 2008, and that the respondent, GBTFTA Operating, LLC (298361), failed to appear or respond to the Notice of Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. GBTFTA Operating, LLC (298361), ("Respondent") was given Notice of Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Hearing mailed to Respondents, most recent P-5 address, was signed and returned to the Commission on August 4, 2008. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On August 9, 2006, Respondent, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Scott C. Shifflett; Manager.
4. Scott C. Shifflett, was a person in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
6. Respondent designated itself to the Commission as the operator of Well No. 1 on the Virden (15124) Lease ("subject well"/"subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on October 1, 2006.
7. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on August 1, 2007. Respondent had a \$25,000.00 Letter of Credit as its financial assurance at the time of its last P-5 renewal.
8. Commission District inspections were conducted on September 6, 2007, October 1, 2007, November 5, 2007, November 8, 2007, December 3, 2007, December 17, 2007, January 23, 2008 and February 12, 2008 for the Virden (15124) Lease. The sign or identification required to be posted at the lease entrance was missing. The signs or identification required to be posted at the well and tank displayed incorrect information.
9. Failure to properly identify a well by the posting of the sign required by Statewide Rule 3 has the potential for causing confusion and delay in remedying a violation or emergency and poses a threat to the public health and safety.
10. Production from Well No. 1 on the Virden (15124) Lease ceased on or before December 2005.
11. The Statewide Rule 14(b)(2) plugging extension for Well No. 1 on the Virden (15124) Lease was denied on July 31, 2007, when Respondent's P-5 became delinquent.
12. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
13. The total estimated cost to the State of plugging Well No. 1 on the Virden (15124) Lease is \$15,700.00.
14. The Respondent has not demonstrated good faith since it failed to timely plug or otherwise place the subject lease and subject well in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.
