---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on June 3, 2002, and that the respondent, Texas Bend Oil Co. (844355), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. Texas Bend Oil Co. (844355), ("respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was returned to the Commission marked "unclaimed."
2. The returned certified receipt containing the Original Complaint and the Notice of Opportunity for Hearing was returned to the Commission marked "unclaimed" on May 30, 2002. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On November 7, 2000, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): John C. Crabtree; President.
4. Respondent designated itself to the Commission as the operator of Well No.1 on the Moorehead (19229) Lease and Well No. 1 on the Ramsey, Carter (19332) Lease ("subject wells"/"subject leases") by filing a Form SW-1 (Producer's Transportation Authority and Certificate of Compliance) with the Commission effective on March 10, 1965 for the Moorhead (19229) Lease and May 19, 1965 for the Ramsey, Carter (19332) Lease.
5. According to Commission records the Respondent's Form P-5 (Organization Report) became delinquent on November 1, 2001. Respondent paid a fee of \$750.00 as financial assurance at the time of its last Form P-5 renewal.
6. The subject wells ceased production on or before March 31, 1997 for Well No. 1 on the

Moorehead (19229) Lease and January 1, 1993 for Well No. 1 on the Ramsey, Carter (19332) Lease.

7. The subject wells have not been properly plugged in accordance with, and are not otherwise in compliance with, Statewide Rule 14.
8. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
9. The estimated cost to the State for plugging the subject wells is \$8,700.00 for Well No. 1 on the Moorehead (19229) Lease and \$8,700.00 for Well No. 1 on the Ramsey, Carter (19332) Lease.
10. The Respondent has not demonstrated good faith since it failed to plug or otherwise place the subject leases and the subject wells in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

#### **CONCLUSIONS OF LAW**

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.

4. Respondent is responsible for maintaining the subject leases in compliance with all applicable Commission rules and for properly plugging the subject wells according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
5. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531(c) (Vernon 2001).
