**ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY TONTO PETROLEUM CORPORATION (862199), AS TO THE COLLIER, W.R. (63079) LEASE, WELL NO. 1, LEE HARRISON FIELD, LUBBOCK COUNTY, TEXAS**

---

**FINAL ORDER**

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on September 9, 1999 and that the respondent, Tonto Petroleum Corporation (862199), failed to appear or respond to the notice. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

**FINDINGS OF FACT**

1. Tonto Petroleum Corporation (862199), ("respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 (Organization Report) address, which was signed and returned to the Commission.
2. The returned certified receipt (green card) that was attached to the Original Complaint and the Notice of Opportunity for Hearing, was signed and returned to the Commission on July 22, 1999. The certified receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On July 24, 1997, Respondent, a Corporation, filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual: Royce Ray Hart; President.
4. Respondent designated itself to the Commission as the operator of Well No. 1 on the Collier, W.R. (63079) Lease ("subject well"/subject lease") by filing a Form P-4 (Producer's Transportation Authority and Certificate of Compliance) with the Commission, effective on May 4, 1989.
5. The subject well has been dry or inactive for a period in excess of one year. Commission inspection and/or production reports indicate that all of the subject well ceased production on or before January 1993.
6. The subject well has not properly plugged in accordance with, and is not otherwise in

## OIL AND GAS DOCKET NO. 8A-0221583

compliance with, Statewide Rule 14.

7. Usable quality water in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to public health and safety because of the probability of pollution.
8. The estimated cost to the State of plugging the well is \$9,000.00.
9. The respondent did not demonstrate good faith since it failed to plug or otherwise place the subject well and subject lease in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

### CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rule 14(b)(2).
4. Respondent is responsible for maintaining the subject well and the subject lease in compliance with all applicable Statutes and Commission rules, specifically Statewide Rules 14, 58, and 79 and Chapters 89 and 91, Texas Natural Resources Code.
