FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on January 13, 2011 and that the respondent, Mag Oil Well Servicing, LLC (521281), failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Mag Oil Well Servicing, LLC (521281) ("Respondent") was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent P-5 address on the Form P-5 Organization Report, which was returned marked "unable to forward."
2. The returned certified receipt containing the Original Complaint and the Notice of Opportunity for Hearing mailed to Respondent's most recent P-5 address, which was returned to the Commission marked "unable to forward" on November 29, 2010. The returned receipt has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On November 13, 2008, Respondent filed an Organization Report (Form P-5) with the Commission reporting that its officers consisted of the following individual(s): Arthur Linthicum, President; Michael Caryshields, Vice-President; and William Schrader, Vice-President.
4. Arthur Linthicum was in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. Michael Caryshields was in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.

6. William Schrader was in a position of ownership or control of respondent, as defined by Texas Natural Resources Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
7. The violations of Commission rules committed by respondent are related to safety and the control of pollution.
8. Respondent designated itself to the Commission as the operator of Well No. 1 (661090) on the Bridle Lease ("subject well"/"subject lease") by filing a W-1 Form (Application to Drill, Deepen, Plug Back or ReEnter) with the Commission that was issued on May 29, 2008.
9. Commission records indicate that Respondent's Form P-5 (Organization Report) became delinquent on August 1, 2009. Respondent had a \$25,000.00 Letter of Credit as its financial assurance at the time of its last P-5 renewal.
10. The subject well has never produced.
11. The subject well has not been properly plugged in accordance with, and is not otherwise in compliance with, Statewide Rule 14.
12. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject well. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
13. The estimated cost to the State of plugging the subject well is \$20,200.00.
14. Commission District inspections were conducted on July 21, 2009, January 13, 2010, March 4, 2010, August 25, 2010 and October 29, 2010 on the Bridle Lease. Drilling Operations on Well No. 1 (661090) have been completed. Despite the completion of drilling operations, Respondent has failed to file the required completion report.
