

**RAILROAD COMMISSION OF TEXAS
OFFICE OF GENERAL COUNSEL**

**OIL AND GAS DOCKET
NO. 7C-0277209**

**IN THE FORT TERRETT RANCH
(CANYON 2800) FIELD, SUTTON
COUNTY, TEXAS**

**FINAL ORDER
AMENDING FIELD RULES FOR THE
FORT TERRETT RANCH (CANYON 2800) FIELD
SUTTON COUNTY, TEXAS**

The Commission finds that after statutory notice in the above-numbered docket heard on July 25, 2012, the presiding examiners have made and filed a report and recommendation containing findings of fact and conclusions of law, for which service was not required; that the proposed application is in compliance with all statutory requirements; and that this proceeding was duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas.

The Commission, after review and due consideration of the examiner's report and recommendation, the findings of fact and conclusions of law contained therein, hereby adopts as its own the findings of fact and conclusions of law contained therein, and incorporates said findings of fact and conclusions of law as if fully set out and separately stated herein.

Therefore, it is **ORDERED** by the Railroad Commission of Texas that Field Rule No. 2 of the Special Field Rules adopted in Oil and Gas Docket No. 7C-58,175, issued effective March 7, 1968, as amended, for the Fort Terrett Ranch (Canyon 2800) Field, Sutton County, Texas is hereby amended. The amended Field Rule No. 2 is set out as follows:

RULE 2: No well for oil or gas shall hereafter be drilled nearer than **THREE HUNDRED THIRTY(330)** feet to any property line, lease line, or subdivision line. There is no minimum between well spacing requirement. The aforementioned distances in the above rule are minimum distances to allow an operator flexibility in locating a well; and the above spacing rule and the other rules to follow are for the purpose of permitting only one well to each drilling and proration unit. Provided however, that the Commission will grant exceptions to permit drilling within shorter distances and drilling more wells than herein prescribed, whenever the Commission shall have determined that such exceptions are necessary either to prevent waste or to prevent the confiscation of property. When exception to these rules is desired, application therefor shall be filed and will be acted upon in accordance with the provisions of Commission Statewide Rules 37 and 38, which applicable provisions of said rules are incorporated herein by reference.

In applying this rule, the general order of the Commission with relation to the subdivision of property shall be observed.

Done this 02nd day of October, 2012.

RAILROAD COMMISSION OF TEXAS
