

**RAILROAD COMMISSION OF TEXAS
HEARINGS DIVISION**

OIL AND GAS DOCKET NO. 08-0293739

ENFORCEMENT ACTION FOR ALLEGED VIOLATIONS COMMITTED BY JUPITER ENERGY, LLC (448217) FOR VIOLATIONS OF STATEWIDE RULES ON THE JUPITER (43505) LEASE, WELL NOS. 1 AND 2, SPRABERRY (TREND AREA) FIELD, GLASSCOCK COUNTY, TEXAS

FINAL ORDER

The Commission finds that after statutory notice the captioned enforcement proceeding was heard by the examiner on January 22, 2015 and that the respondent, Jupiter Energy, LLC (448217), failed to appear or respond to the Notice of Opportunity for Hearing. Pursuant to § 1.49 of the Commission's General Rules of Practice and Procedure [Tex. R. R. Comm'n, 16 TEX. ADMIN. CODE § 1.49] and after being duly submitted to the Railroad Commission of Texas at conference held in its offices in Austin, Texas, the Commission makes the following findings of fact and conclusions of law.

FINDINGS OF FACT

1. Jupiter Energy, LLC (448217), ("Respondent"), was given Notice of Opportunity for Hearing by certified mail, addressed to the most recent Form P-5 (Organization Report) address.
2. The certified envelope containing the Original Complaint and the Notice of Opportunity for Hearing, was returned to the Commission marked "return to sender" on December 5, 2014. The certified envelope is included in the file and has been on file with the Commission for 15 days, exclusive of the day of receipt and day of issuance.
3. On March 25, 2013, Respondent, filed an Organization Report (Form P-5) with the Commission reporting that its managers consisted of the following individual(s): Daniel R. Cook; Managing Member.
4. Daniel R. Cook was a person in a position of ownership or control of respondent, as defined by Texas Natural Resource Code Section 91.114, during the time period of the violations of Commission rules committed by respondent.
5. The violations of Commission rules committed by respondent are related to safety and the control of pollution.

OIL AND GAS DOCKET NO. 08-0293739

6. Respondent designated itself to the Commission as the operator of Well Nos. 1 and 2 on the Jupiter (43505) Lease ("subject wells"/"subject lease") by filing a Form P-4 (Producers Transportation Authority and Certificate of Compliance) effective on February 21, 2012.
7. Respondent's P-5 (Organization Report) became delinquent on April 1, 2014. Respondent had a \$25,000 bond as its financial assurance at the time of its last P-5 renewal.
8. The subject wells have not been properly plugged in accordance with, and are not otherwise in compliance with, Statewide Rule 14.
9. Well Nos. 1 and 2 on the Jupiter (43505) Lease never produced.
10. No plugging extensions are in effect for Well Nos. 1 and 2 on the Jupiter (43505) Lease as allowed by Statewide Rule 14.
11. The total estimated cost to the state for plugging Well Nos. 1 and 2 on the Jupiter (43505) Lease is \$63,000.00.
12. Usable quality groundwater in the area is likely to be contaminated by migrations or discharges of saltwater and other oil and gas wastes from the subject wells. Unplugged wellbores constitute a cognizable threat to the public health and safety because of the probability of pollution.
13. Commission District inspections were conducted on February 21, 2013, April 15, 2013, October 30, 2013, September 15, 2014 and October 20, 2014 for the Jupiter (43505) Lease. Respondent has failed to backfill and compact a reserve pit measuring 14,400 square feet within one year of cessation of drilling operations.
14. Unfilled pits constitute a hazard to public health and safety because of the potential for illegal dumping in the pits and the potential for surface run-off to collect in the pit and seep into subsurface waters.
15. Commission District inspections were conducted on February 21, 2013, April 15, 2013, October 30, 2013, September 15, 2014 and October 20, 2014 for the Jupiter (43505) Lease. Well No. 2 is open to the atmosphere on the tubing and the tubing/production casing annulus valves.
16. Maintenance of surface control by wellhead assemblies is necessary to prevent the discharge of oil and gas wastes on the subject lease constituting a hazard to public health and safety because the discharges of oil and gas wastes onto land surface can migrate into surface or subsurface waters.
17. The Respondent has not demonstrated good faith since it failed to properly plug otherwise place the subject lease and subject wells in compliance after being notified of the violations by the District Office and failed to appear at the hearing to explain its inaction.

CONCLUSIONS OF LAW

1. Proper notice was issued by the Railroad Commission to respondent and to all other appropriate persons legally entitled to notice.
2. All things necessary to the Commission attaining jurisdiction over the subject matter and the parties in this hearing have been performed or have occurred.
3. Respondent is in violation of Commission Statewide Rules 8(d)(4)(H)(i)(I), 13(a)(6)(A) and 14(b)(2).
4. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 8(d)(4)(H)(i)(I), which requires that reserve pits and mud circulation pits be dewatered, backfilled and compacted within one year of cessation of drilling operations.
5. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 13(a)(6)(A), which requires that surface control of all wells be maintained with wellhead assemblies.
6. Respondent is responsible for maintaining the subject lease in compliance with Statewide Rule 14(b)(2), which requires that plugging operations on each dry or inactive well shall be commenced within a period of one year after drilling or operations cease and shall proceed with due diligence until completed.
7. Respondent is responsible for maintaining the subject lease and subject wells in compliance with all applicable Commission rules according to Statewide Rules 14, 58, and 79 and Chapters 89 and 91 of the Texas Natural Resources Code.
8. The documented violations committed by the respondent constitute acts deemed serious, a hazard to the public health, and demonstrate a lack of good faith pursuant to TEX. NAT. RES. CODE ANN. §81.0531.
9. As a person in a position of ownership or control of respondent at the time respondent violated Commission rules related to safety and the control of pollution, Daniel R. Cook, and any other organization in which he may hold a position of ownership or control, shall be subject to the restrictions of Texas Natural Resource Code Section 91.114(a)(2) for a period of no more than seven years from the date the order entered in this matter becomes final, or until the conditions that constituted the violations herein are corrected or are being corrected in accordance with a schedule to which the Commission and the organization have agreed; and all administrative, civil, and criminal penalties and all cleanup and plugging costs incurred by the State relating to those conditions are paid or are being paid in accordance with a schedule to which the Commission and the organization have agreed, whichever is earlier.

OIL AND GAS DOCKET NO. 08-0293739

IT IS ORDERED THAT within 30 days from the day immediately following the date this order becomes final:

1. Jupiter Energy, LLC (448217), shall plug or otherwise place the Jupiter (43505) Lease, Well Nos. 1 and 2, Spraberry (Trend Area) Field, Glasscock County, Texas in compliance with applicable Commission rules and regulations; and
