Amend §3.86 and other rules re: UFT fields

Amend §3.86 and other rules re: UFT fields

A surveyor (RPLS) is not certified to sign engineering documents so how is an engineer (PE) allowed to sign documents that are clearly based on survey information? Please note the state requires an RPLS to pass a separate exam than a PE so the certification is not the same. A PE should not be allowed to sign a Oil & Gas plat for the RRC unless it is clearly an engineering document.
