### Amend §3.86 and other rules re: UFT fields

Amend §3.86 and other rules re: UFT fields

When a Cadastral land line is referenced or referred to, an Professional Engineer is not legally entitled to attest to that survey or any plat by law.

The 3.52 paragraph, Item 6 on page 28 of the Proposed Rules as published on 06 November 2015 should have the notation of an Professional Engineer providing a plat removed prior to final implementation of the new rules.
