### Amend §3.86 and other rules re: UFT fields

Amend §3.86 and other rules re: UFT fields

I adopted the comments made by E. L. "Buster Sartain, James B. Gillis, Connor G. Brown and Daniel J. Warrick. The RRC should modify the Section 3.86 (g)(6) to only allow Registered Professional Land Surveyors (R.P.L.S.) or Licensed State Land Surveyors (L.S.L.S.) in accordance with Texas Occupations Code, Chapter 1071 to prepare and certify plats under that section. The RRC should also make this requirement uniform for all plats required under Chapter 3 or at a minimum any plats which require distance ties to lease line boundaries and original survey grant line ties and/or accurate geographic coordinate information (Sections 3.5, 3.11, 3.40 and 3.86). The change under Section 3.86 (g)(6) should also be added to Section 3.5 (h) but removing professional engineers as explained by James B. Gillis in his comments.

Respectfully submitted,

Steven J. Freeman, II, R.P.L.S., C.F.M.
